**DESIGN MEMORANDUM No. 06-02**  
**TECHNICAL ADVISORY**

**TO:** All Design, Operations, and District Personnel, and Consultants

**FROM:** /s/ Anthony L. Uremovich  
Anthony L. Uremovich  
Design Resources Engineer  
Production Management Division

**SUBJECT:** Pay Unit for Water Pay Items

**EFFECTIVE:** September 13, 2006, Letting

The english-measurement pay unit for pay items regarding water should be kilogallon, symbol kGAL, rather than thousand gallons, symbol MG. This has been corrected in the online Estimator Item Catalog, Pay Items List, and Unit Price Averages, where required. Where shown as MG on the Design and Construction Reference Guide CD, it should be interpreted as kGAL. The metric pay unit of kiloliter, symbol kL, is unchanged.
